It's the most wonderful time of the year...!

by Cam Allen

No no no, not the holidays... well, kind of I suppose. Boating Season people, come on! That's right, in just a short few months (or probably weeks now that you've finally got this in your hands!) our buoyant beauties will be back in the water and rackin' up a tab like you're Bill Gates! So be sure to get your shades stylin' and some mean sunscreen because weather predictions for summer 2016 are HOT, HOT, HOT!

In reality, who really listens to the weatherman these days? Early winter was forecasted to be warmer than normal with the end of winter being the coldest, and here I am having a beer on an iceberg at the end of February. And today, on this beautiful March 7, 2016 day, its +10 and sunny outside

and I am finding myself asking why Andy isn't here dropping boats in the lake? Well, summer will be here before we know it and with this, I would like to welcome everyone to our first edition of "Sounds of South Bay" magazine! Like Waterlines, "SOS" will be issued annually and update you all on what we have been working on over the winter as well as provide you with "little tastes of summer" to get you in the mood!

We have much to celebrate in this year's Sounds of South Bay magazine. We saved a great deal of money on heating bills (more money to spend on the boat), gas prices remain low (travelling at MACH III to Sans Souci is justified) and our water levels seem to remain stationary (saving our props from certain debacle)! Yessir, it is a time to rejoice!

All joking aside, this season will undoubtedly be a new beginning for the property and its clients alike. Recruitment became one of our most important projects, as without good people, you cannot have a good product. As you flip through the magazine, you will find that we have

been fortunate enough to retain a number of staff from last season. Those who have expressed interest in returning have been promoted to leadership roles in an attempt to establish a solid training platform for our newcomers and as such, a progressive service execution. Coupled with a strong and confident team, a list of new service offerings will be announced on page 18, to complement our already stellar amenities.

In addition, we saw the restaurant as an area that required some tender loving care. And so, we began to put together a plan to relaunch Top of the Cove Wine & Dine, sighting the areas of most concern, right up to the uniforms our staff will be wearing. Most of you are already aware that we have begun building an outdoor elevated deck, which will not only provide clients with a unique dining experience, but quite possibly with the best view of southern Georgian Bay!

It's hard to contain the excitement I have for all of you reading this magazine for the very first time and not knowing

what awesomeness is to come! There are some fantastic articles and announcements enclosed that I know will be of great use to you and have you reminiscing of summers past, present and future.

For now, I leave you with the below picture of a fellow boater with either great misfortune or perhaps slight ignorance to our sport. While we are not fond of the subject, accidents do happen and while you may be cursing and thinking you're having the worst day of your summer, think of this poor bugger!

Wishing you enjoyment, laughter and fun while you read through the 2016 edition of Sounds of South Bay Magazine. We look forward to seeing you all soon!

Seeking some bays to explore?

by Bill Stover, Great Lakes Cruising Club

When you walk around South Bay Cove Yacht Haven, you will notice some boats flying a unique blue burgee that displays 5 interconnected chain links forming a complete circle. These 5 chain links represent the 5 Great Lakes and this burgee signals that the boat owners are members of the Great Lakes Cruising Club (GLCC). These boaters are often explorers of at least Georgian Bay and the North Channel, and even the waters beyond "The Bay". If you are seeking the very best cruising information regarding the 30,000 Islands and beyond, you really should consider joining the Great Lakes Cruising Club.

The GLCC is a volunteer organization of friendly, serious boaters who like to explore all or part of the five Great Lakes. These lakes provide some of the best fresh water boating in the world and we have this amazing opportunity to explore

just beyond the boundaries of our marina. With a membership of 2,500 boaters from at least 400 harbours and marinas in the 5 Great Lakes, the GLCC has earned the reputation of being the authoritative voice of "local cruising knowledge" for the Great Lakes. The membership consists of Canadians and Americans who are either sailors or power boaters, thus giving the organization an impressive blend of cruising and boating knowledge. New members are always warmly welcomed!

The GLCC was formed in 1934 and its core purpose, consistently since those early days, has been to share its members' love of the Great Lakes and to provide accurate and timely cruising information to all its membership. Over the years, GLCC members have prepared over 1,100 Harbour Reports which provide an unparalleled collection of information regarding harbours and both popular and remote anchorages. These harbour reports, which contain detailed written summaries complemented by accurate charted information, are regularly updated by members.

Bill Stover

The numerous Harbour Reports for the 30,000 Islands and the North Channel are of excellent quality and will get you off to a great start exploring the outstanding anchorages right in our "back yard". All Harbour Reports are available to members on-line at www.glcclub.com - they can be viewed on-line, or printed or stored on your computer for future use. Interestingly, there still remain some remote anchorages in Georgian Bay and Lake Superior where published government charts do not provide the level of detail required when seeking safe anchorages. GLCC Harbour Reports often provide the best information for these remote anchorages.

In addition to the Harbour Reports, the GLCC offers excellent on-line webinars on a variety of topics and often there are Port Captains available around the Great Lakes who volunteer their time to provide local knowledge and assistance

to GLCC members.

This year, from June 24 to June 26, there will be a Georgian Bay Rally at the Cedar Springs area of Beausoleil to which all GLCC members in this area of Georgian Bay are invited. This will be an excellent opportunity to meet some GLCC members and to learn a more about the GLCC. Please consider joining the GLCC and attending this rally.

You can learn more about the GLCC, including the annual dues, by going to the web site at www.glcclub.com. On the home page you will find a "Learn More" button regarding The Great Lakes Cruising Club. Click on this button and then on the next page, click on the video entitled, "Great Lakes Cruising Club Introduction".

Or, you can drop by David and Louise Brace's boat, "La Madeleine" or Jan and Bill Stover's boat, "The St. Tropez" in our marina. We would be pleased to tell you more about the GLCC.

David Brace

Scobie Yacht Services

by Andy Scobie

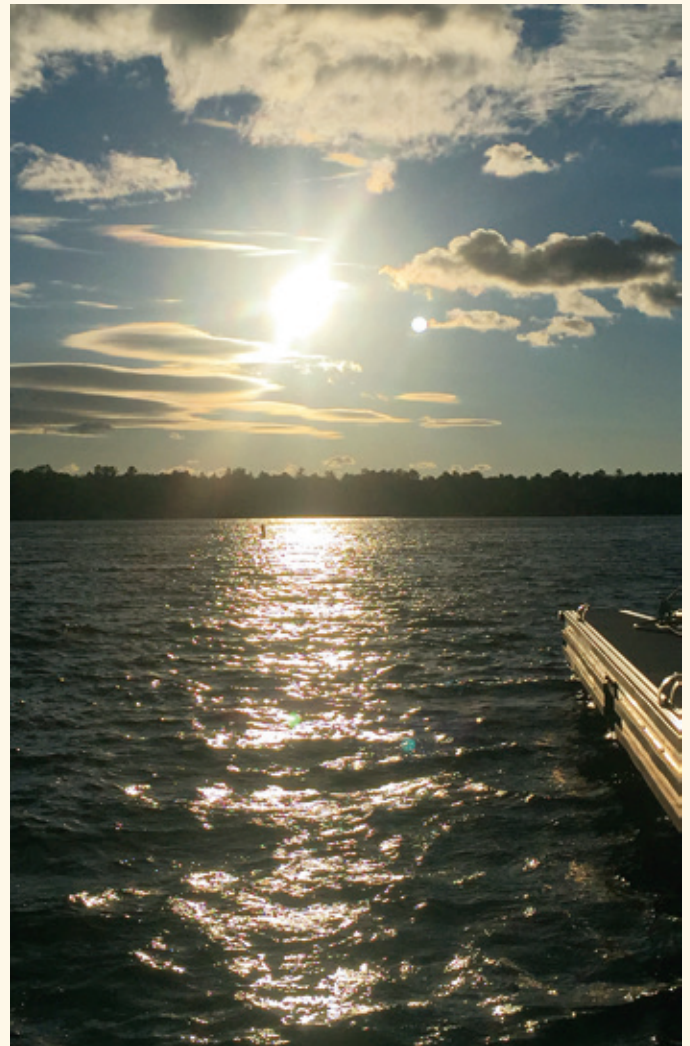

Well here it is the last day of February and I am writing my update once again. What a difference a year can make, new ownership in the marina and old employees gone. Now I am the longest person standing at SBC which is great and I intend to keep it that way.

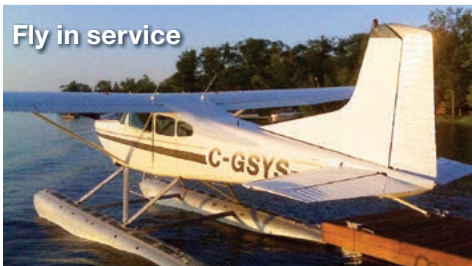

Once again we had a great fall putting the boats up and for most of the winter a very light snow year so all has been good up here.

With spring not too far off and people beginning to think of boating again it's time to let me know if you have any major projects for spring. If we do have an early spring we can get a start on them or at least get the parts in like thrusters, electronics or any other item you would like.

I would like to thank all of our present and past boaters for supporting Scobie Yacht Services and we look forward to taking care of your needs to make your boating season at SBC an enjoyable time.

Servicing South Bay Cove clients and guest boaters on-site for the past twenty-four years

Little Current Yacht Club's Cruisers' Net

by Little Current Yacht Club

Roy Eaton

If you are preparing to cruise the North Channel this year take notice and keep your VHF tuned in every morning to VHF Channel 71 at 9:00 AM for the Little Current Yacht Club's Cruisers' Net. Roy Eaton, retired high school principal and founding Commodore of the Little Current Yacht Club is up every morning at 5:00 a.m. writing his script for the broadcast. Each broadcast begins with the now familiar words: "It's 9 AM. Welcome Boaters to the Cruisers' Net." After which he asks, "First, is there any emergency, medical or priority traffic?"

This opening is a welcome voice to the community of cruisers who sometimes do have

emergencies that require help. To date, Roy has assisted boaters with bad engines, broken limbs, lost gear, transportation home, and messages from loved ones with news from family deaths to births. Roy even arranged for a minister for a couple to be married aboard their sailboat in the bay by his house.

His broadcast is usually heard by boaters up to 30 miles away, as his antenna sits on a tower atop the Anchor Inn, 110 feet above the North Channel waters. Thus, the transmission covers approximately 50 miles of North Channel waters and the northern section of Georgian Bay.

The Anchor Inn has let him use their conference room,

which he has slowly taken over with club burgees from places as far away as Australia left by thankful boaters. Some days, he may have as many as 30 visitors listening to the live broadcast in the conference room, chatting, and making new friends.

The program consists of the latest weather predictions for the North Channel, news of the world, sports scores, business reports, local news and happenings of interest to boaters as they cruise the North Channel. The second half of the broadcast allows boaters to check-in with their name and location, receive assistance or advice, have questions

answered and do relays between distant parts of our cruising grounds. In 2015, there were 6,312 calls received from 887 individual boats.

The public is invited to attend a morning's broadcast in the 2nd floor conference room of the Anchor Inn. Every Friday, from 3:00-5:00 pm the Cruisers' Net and the Anchor Inn invite boaters to enjoy a fellowship time in the bar area of the hotel. Complimentary hor d'oeuvres are provided by the Anchor Inn staff.

For questions about the Net or cruising the North Channel, you may contact Roy at: roy.eaton@sympatico.ca.

The 2016 Line Up

To continue on with the same “grand reopening” theme as the restaurant, our recruitment mission for summer 2016 was to bring in young, fresh talent to complement our beautiful property and ever improving service offerings. We are thrilled to introduce to you our 2016 management team and returning faces.

Lindsay Mackend
Bookkeeper

Lindsay is our talented and friendly new bookkeeper who joined our management team last fall. Prior to joining our team, Lindsay graduated with honours from the accounting program at Georgian College. She excelled in her program, finishing top of her class, and worked as a peer tutor to help others achieve their desired level of success. Lindsay also has a background in customer service and has participated in a multitude of volunteer positions; signifying her excellent leadership and interpersonal skills. As our bookkeeper at South Bay Cove, Lindsay displays a high level of dedication to her work and her peers.

Adam Katarynych
Marina Operations Supervisor

It is with great excitement that we welcome Adam Katarynych to our leadership team for Summer 2016. Adam joins us from Mt. St. Louis Moonstone, where he played an integral role on their snow school and race program. Adam brings a wealth of knowledge and experience to our property. Adam will be responsible for leading our team of dockhands and chandlery attendants, as well as ensuring our clients get a consistently flawless service experience. Please join us in welcoming Adam to our summer home!

Krishna Khandige
Head Chef

South Bay Cove Yacht Haven is thrilled to announce the appointment of Krishna Khandige as Head Chef for summer 2016! Originally from India, Chef began his career working for a small café, specializing in Global Modern Cuisine. From there, he went on to graduate top of his class in a culinary degree program, while obtaining numerous accolades such as Level II of the International Sommelier Guild. In an effort to gain as much international cooking experience as possible, Chef continued on his path of excellence, working for some of India's most prestigious restaurants, hotels & resorts, eventually landing him in Toronto. More recently, Chef has had the privilege of working for Master Chef Chuck Hughes & Curtis Stone and becoming an honour student at the renowned George Brown College of Culinary Arts! We are fortunate to welcome such a talented individual to our culinary team to spearhead our creativity.

Steven Hilborn
Food & Beverage Manager

We are thrilled to announce the appointment of Steven Hilborn, to the position of Food & Beverage Manager, Top of the Cove Wine & Dine. Steven joins our elite team of individuals, with a wealth of experience and knowledge in food & beverage operations and financial analysis. His leadership and passion for the industry are evident with his plethora of accolades, as well as his part time involvement as a professor, at Georgian College's school of Hospitality & Tourism. In the past, Steven has played an integral role in the management of large scale restaurants such as SIR Corp & Prime Restaurants of Canada. More recently, Steven founded his own hospitality consulting firm that oversaw the successful launch and operation of numerous local restaurants.

Sarah Dickinson

Communications & Sea 'N' Things Leader

Our communications & Sea 'N' Things extraordinaire, Sarah Dickinson will grace us with her presence for another season! That's right folks, we are pleased to announce that Sarah Dickinson has accepted the role of Sea 'N' Things & Communications Lead for summer 2016. Sarah played an integral role at SBC last year, taking on numerous tasks such as social media projects, training our staff on the VHF, remerchandising the store and working closely with management on several events. 2016 will bring about some change in our store and we are thrilled to have Sarah on board to spearhead these new happenings.

Hailey Gould

Shift Leader & Dockhand

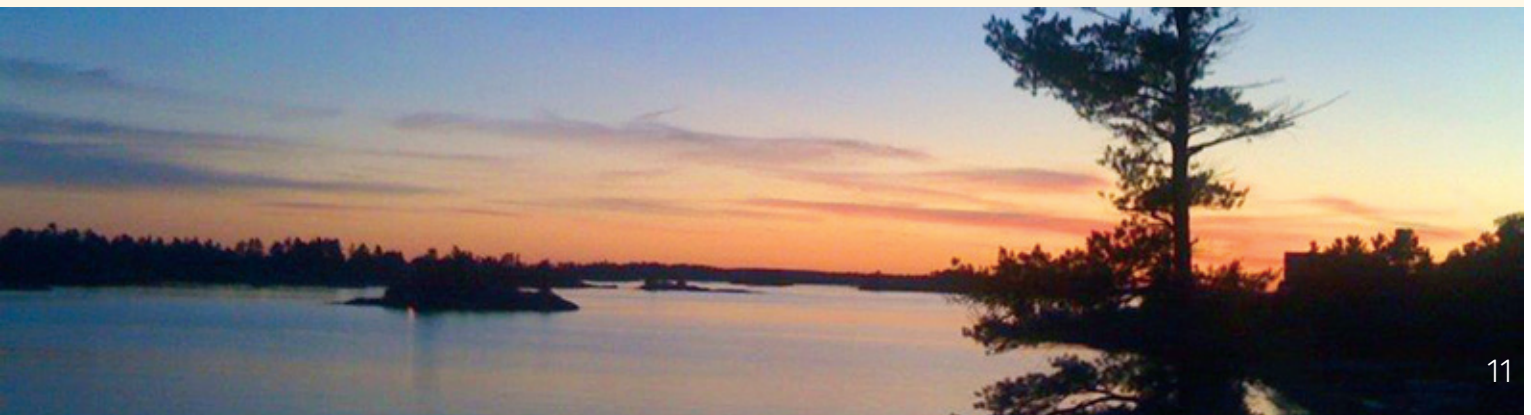

Hailey Gould, our veteran team member has announced that she will return to SBC for another season. Hailey played an important role last summer, bridging the gap between change in ownership and management. Hailey's wealth of knowledge and understanding of the property proved to be invaluable last season, training the new team on systems and procedures. Hailey's primary role at South Bay Cove for 2016 will be as a shift leader and veteran dockhand, working with Adam & Lexie to ensure our staff are well informed and providing unrivalled customer service to clients and visitors alike.

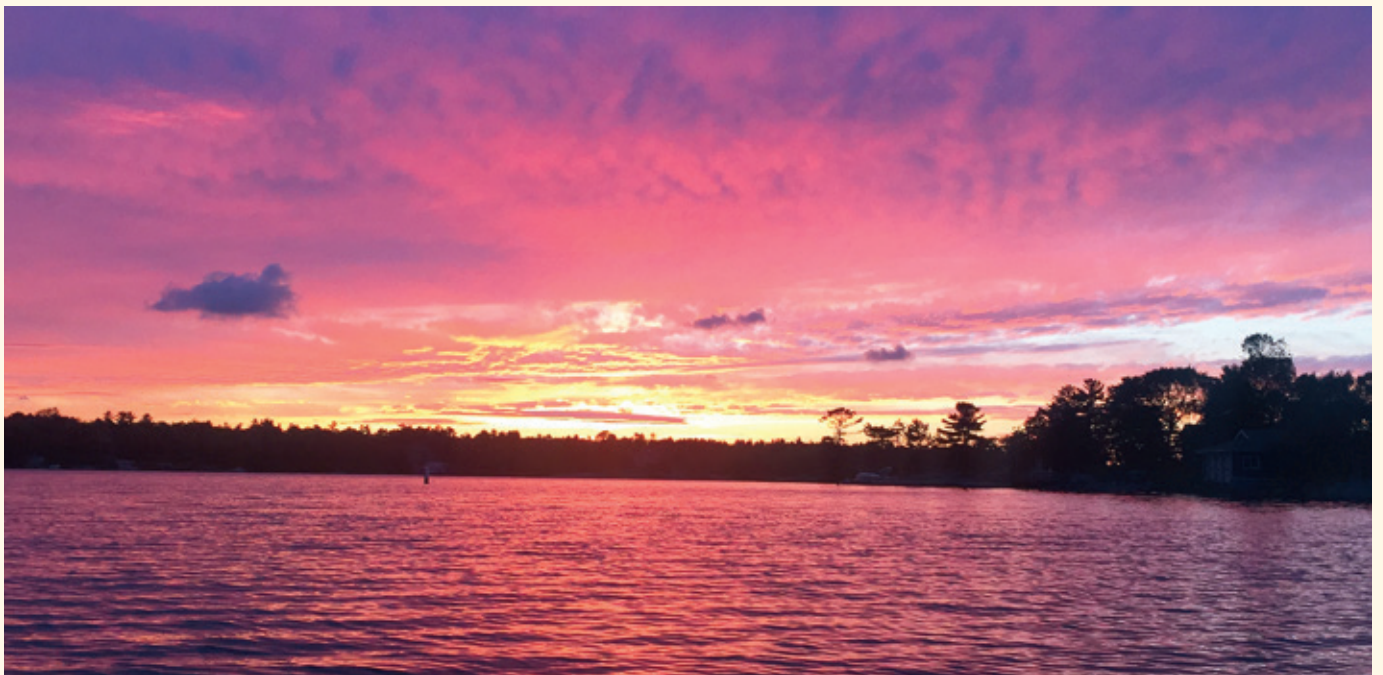

Lexie Richards

Shift Leader & Dockhand

Our Employee of the Season and superstar dockhand, Lexie Richards is looking forward to returning to SBC for another season. Lexie has had a very busy winter season thus far, and it continues to get busier and busier. Lexie is a huge sports enthusiast, playing on both her high school basketball team as well as the OBA team (Ontario Basketball Association)! In addition to her sports, Lexie is an avid participant of not-for-profit organizations and will travel to Tanzania this May to work with the "WE Day" program. For summer 2016, Lexie will work closely with Adam, to ensure a smooth and seamless service experience for our clients.

Retail Therapy

When you walk in our beloved chandlery this spring, you may think you're Sea 'N' Things!

That's right, we have revamped our space and have brought in some exciting new products and done away with the items that you would find at the flea market! Yes sadly, we will not be carrying the primitive figurines to place on the dashboard of your boat, nor will we be carrying mammoth sized wine glasses.

But, we will be carrying some fantastic new outerwear and fashion accessories that will be sure to give you an out-of-money experience!

While we don't want to spoil the surprise, some items you

can expect to see are fender covers, boat shoes, fashion accessories (nautical in theme), gourmet food products, a larger cosmetics section, sweets and treats and an enhanced giftware section.

In keeping with tradition, we will be bringing back Stephen's Butcher Shop so you can continue to be licensed to grill!

In addition, we will be carrying a number of homemade preserves and oils, prepared by our creative culinary team. That's right, homemade jam, marmalade, EVOO, honey and many other good things to come!

Boaters for Best Care

by Cam Allen

Georgian Bay General Hospital

In an effort to have more community presence and give back to those in need, South Bay Cove Yacht Haven has partnered with a charity called Boaters for Best Care (526give.ca/boatersforbestcare) that is run by the folks at Georgian Bay General Hospital.

GBGH is located in the town of Midland, and is the only property in the southern Georgian Bay area to care for our sick and injured.

With new federal and provincial legislation, hospitals that provide more services, receive more government funding and smaller facilities that offer less, such as GBGH are greatly impacted by these budget cuts.

Because the hospital has spent a great deal of their money repairing the walls of the building that were in great disrepair, investment for new treatments, procedures, equipment and services have fallen by the waste side. GBGH is seeking funding from the community to purchase new equipment that are pertinent to keeping their doors open (ie - CT/MRI, Obstetrics, cardiology and ER equipment). If they cannot raise enough funds to get where they need to be financially, the hospital will

close and the closest medical care in our area will be Orillia or Barrie.

The reason we have taken an interest in this charity is due to the fact that it affects our clients, families and businesses. For any emergencies in our area, the first stop for the ill is GBGH. If GBGH cannot handle the ailment, transportation to a city centre property is the next step. Regardless of whether we want to admit it or not, illness and injury are inevitable and while we hope they don't strike when we are on vacation, things happen.

What we have offered GBGH is a facility to host a summer fundraising dinner to help support their charity. As I am sure many of us will understand how worthy this cause is, we have decided to combine it with our "Welcome Home" party on Saturday June 11, 2016. Although details have not been confirmed, an SBC cocktail party will start the night off, followed by dinner, dancing, a raffle and live entertainment by one of our phenomenal bands. Should any of you wish to assist us with planning the event, please reach out to me at your convenience, so we can get the beach ball rolling!

Celebrations: An Engagement & Wedding Bells

Robert "Robbie" Malcolm

On the beach at South Bay Cove Yacht Haven, Robert Malcolm, 2nd son of Susan & Neil of Caduceus, proposed to his girlfriend, Kimberley Chatt and was accepted!

The happy couple returned to the UK in late August to plan their wedding after a very successful and unforgettable boating holiday on Georgian Bay!

Congratulations Robbie & Kim! We are honoured to have been a part of your special day!

Kim & Shawn McFaul

Congratulations to Kim & Shawn McFaul of "Anchor Inn", who tied the knot in beautiful Jamaica on December 4, 2015. Their picturesque nuptials took place on a spectacular sunny day, at the end of a pier over the ocean, similar to SBC's breathtaking E Dock.

The newlyweds got engaged at an annual SBC Thanksgiving Celebration just one year earlier and their wedding was attended by numerous SBC boaters, family and friends.

Puttin' Top of the Charts back into Top of the Cove!

by Cam Allen

The new upper deck under construction.

Miss Piggy once said that you should never eat more than you can lift! Obviously I missed the memo, because I have spent a good part of this winter eating and drinking to my heart's desire. Not for an unjust cause however; that's right folks, now that boating season is upon us, it's time to get shakin' and bakin' at Top of the Cove Wine & Dine.

While we have implemented much change and added new services to our already exceptional property, 2016 was the year to launch a rebrand for our beloved restaurant. Ok you're right, Top of the Cove is a unique gem in itself, buuuut there are a few things about the place that we need to change right? Well folks, you spoke, we listened and we are pleased

to announce the following "UP"grades for summer 2016! Yessir, we're moving 'er up!

- New menu concepts (Lounge & Casual Fine Dining)
- New Management & Culinary team
- New uniforms
- New POS (Point of Sale) System to improve efficiency
- Revised hours of operation (11:30 a.m. – Close)
- Corkage Fees
- New outdoor dining space (Upper Deck) located directly in front of the Coffee Room.

So you want to know details, right? Well, there are some things we have to keep under wraps because they've yet to be finalized. What I can tell you is that the menu design will

complement those who want to have a casual yet delicious dinner without the fuss and for those that want to spice things up a bit for their dinner date! The lounge menu will function for both lunch and take-out and only be offered on the deck or at the bar. The dinner menu will be "farm-to-table" in theme and will offer diners a more refined restaurant experience.

Honestly though, what good is dinner without some live entertainment and some potent punch to get the night started off right? I have good news; our amazing and talented Food &

Beverage team, will be using their knowledge to create a brilliant new cocktail menu that will be sure to blow your socks off! That, coupled with some incredible live entertainment events (see our Calendar of Events page 19 for more info) will be sure to put Top of the Cove Wine & Dine back on "top of the charts"!

We look forward to having you as our guest at our restaurant and bustin' a move with you on the dance floor! For this game-changer of a year will get the townspeople a talkin'!

The outdoor dining space is one of our "UP" grades for 2016.

Artist's rendering of the finished project.

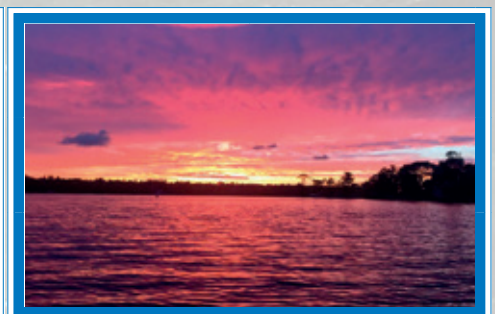

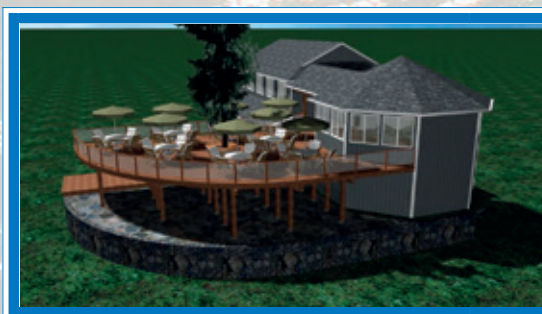

FRESH. ELEGANT. REFINED.

THAT'S JUST OUR WINE. WAIT UNTIL YOU SEE THE RESTAURANT!

Top of the Cove Wine & Dine offers seasonally fresh cuisine that boasts uncomplicated flavour profiles, inspired by our passion for the Georgian Bay region. Our whimsical offerings are presented on three different platforms; our "Upper Deck" terrace, our beautiful dining room and adjacent Chef's table, and bar. Come and experience Georgian Bay's best kept secret!

- Under new ownership and management
- Lakeside terrace with expansive views of the bay
- Available shuttle service (reservations requested)
- New menu design
- Open 6 days a week for Lunch & Dinner (high season)
- Voted #1 on Trip Advisor
- On board catering and take out
- Superb wine pairing and exceptional wine list
- Complimentary parking & dockage
- Dietary restrictions accommodated
- Corkage fee available

Services, amenities & exclusivity!

by Cam Allen

You never learn anything by doing everything right, so based on last year's successes and missteps, we have put together some added services that we feel will enhance South Bay Cove and help you put some time back in your weekend!

The following is a list of added services and amenities that you can expect to see for summer 2016:

Valet Laundry (\$)

Laundry is one of those chores that is a guy's worst enemy. Maybe I speak for myself? It takes me hours, sorting through soiled clothing, while usually shrinking at least (2) pieces of clothing during the process. Why not let us take on this burden and get back to the boat? That's right, SBC will be offering basic laundry services in 2016. Laundry pick-up will take place in the morning and be delivered in the afternoon for a nominal fee. Details to come!

Continental Breakfast Delivery (\$)

So we do the complimentary newspaper thing, and yes, it's great receiving one at your boat, but what about breakfast? Wouldn't it be nice to have a muffin or fruit salad with the paper dockside? Our culinary team will be developing a simple continental breakfast (buns, muffins, fruit) menu that will be available with newspaper delivery every morning throughout the summer. Details to come!

Newspaper Update

While the Toronto Star has had a good run at South Bay Cove, we received more inquiries and requests for the Mop and Pail, I mean Globe and Mail! So, for summer 2016, we will offer the Globe as our complimentary paper and for those who wish to pay for The Star or another publication can forward that request to us. We will make every effort to accommodate.

Coffee Room Update

Back by popular demand, we are pleased to inform you that our beloved Coffee Room will return as a boaters lounge... sort of. Our new deck will act as the primary dining space for lunch and afternoon cocktails. However, in the event of weather or an indoor seating request, half of the coffee room will be sectioned off to accommodate diners, and the other half will remain lounge.

SBC Fire Pit

For those who were singing "Old Smokey" instead of "Kumbaya" last summer, we are pleased to announce that a permanent solution has been found to our fire pit situation. Although the days of throwing another log on the fire are over, you will be able to create a smorgasbord of smores to feed an army! The new concept will be propane fuelled and will be closely monitored by staff due to liability. Although details are still sketchy, requested permission will be required.

SBC Barbeques

Our property is certainly starting to show her age with some of the equipment we have on site and one of the many things that are in a transitional replacement program are our BBQs. Although not all will be replaced this year, we will ensure that those that are broken are fixed and those in great disrepair are replaced. So once again, you can return to South Bay and throw another shrimp on the Barbie!

Internet & Technology Infrastructure

Wait for it...ok, I have 2 bars! Send it over now before I fall off this roof! Perhaps one of the biggest downfalls of our property last season was our wireless internet and technology infrastructure. "Weather" it was caused by Mother Nature or something else, our computers, emails, internet or security gate was always affected negatively. For summer 2016, a new wireless internet platform will be installed and guaranteed to rid every one of the "one bar" problems. While internet will be offered complimentary, for those seeking to download enough Netflix and music to crash a country, a premium internet service package will be offered monthly at an additional rate.

Picnic Basket Program (\$)

Ever been a couple sandwiches short of a picnic? I have! We have solution to that predicament this season. Our creative culinary juices have been flowing and starting July 2016, boaters can order a picnic basket from Top of the Cove to "take-out" on anchor! Of course, we'll need about 24 hours' notice and a selection from our Picnic Menu, but once the order is taken, you can expect one of our friendly dockhands to deliver your mouth watering meal dockside!

Weekend Yoga (\$)

Life is hard. It's breathe, breathe, breathe...all the time. For those that want to stretch their back and relax, we welcome summer weekend Yoga to South Bay Cove. Offered at a nominal fee, Yoga will be offered by a certified instructor from one of our local partners for an hour in the wee hours of Saturday & Sunday morning for those early risers!

SBC Website Design & Launch

Speaking of outdated and much needed change, have you seen our website lately? That's right folks, it's out with the old and in with the new! Although this will be an ongoing project, we anticipate launching a new website design as early as June 2016. Please watch for email updates as we get closer to launch date.

Resort Shuttle Service

Forrest Gump's mama once said, "Life is like a box of chocolates. You never know what you're gonna get" and boy was she ever right, especially with this new announcement for summer 2016! We have partnered with our friends at Bourgeois Ford in Midland and will be offering a shuttle service for our clients and restaurant patrons. Details to come!

Exciting stuff right? The secret to creativity is knowing how to hide your sources! But seriously, thank you to everyone that forwarded their thoughts and ideas! We couldn't have done this without you!

Update on events

No one looks back on their life and remembers the nights they got plenty of sleep, so in an effort to make the most out of tonight and have you worry about it all tomorrow, we have put together a rather unbelievable group of live entertainment nights that will be sure to "rock the boat" and the house!

As you all are now aware, 2016 is planned to be the comeback year for Top of the Cove Wine & Dine, with all of the improvements and launch of our new outdoor dining space, as mentioned on page 16.

To highlight these dramatic changes, we have tripled our entertainment budget from 2015 and are bringing in bands such as Errol Fisher & Kenny Munshaw.

Errol Fisher is one of the preeminent jazz bands in Canada, playing at high profile events and venues alike.

Kenny Munshaw continues to be a notable presence in the country and classic rock scene across Muskoka. Kenny is not only a critically acclaimed recording artist out of Georgia, but also a back-up and lead guitarist for many high-profile musicians internationally.

Summer 2016 is here and it's time to cut a rug!
