

Great Lakes Cruising Club's 2023 Annual General Membership Meeting

Situated on the St. Clair River, the recently renovated St. Clair Inn boutique hotel is built on stories from the past – like the one about Jimmy Hoffa and the North Tower or the one about the treasure chest at the bottom of the river just off the boardwalk. GLCC members will go back in time and gather in a 1926 speakeasy, relax with new and old friends in the land of blue water and enjoy a dinner meeting to be remembered. Register today for this year's annual meeting. You'll be glad you did. (See reverse for more information and itinerary.)

October 27–28, 2023
St. Clair, Mich. (D-8)

Great Lakes Cruising Club's

2023 Annual General Membership Meeting

Members and guests are encouraged to wear name tags at all times

The event begins Friday evening with a reception in the Inn's speakeasy, Prohibition, where we will sample hors d'oeuvres made from Michigan-sourced organic ingredients along with a selection of global and statewide beers, wines and cocktails. It's a time to catch up and share your summer's cruising adventures.

Saturday will start off with a Board of Directors meeting followed by a *GLCCSchool* workshop. We're back in the speakeasy at 1800 for a short reception; then we will dine while enjoying a spectacular view of the St. Clair River.

Our dinner meeting will cover several important GLCC topics and then our guest speaker, Ric Mixer, will take us through a visual presentation of the SS *Edmund Fitzgerald*, the most investigated shipwreck in the Great Lakes. Ric has produced over 30 programs for PBS and the Outdoor Channel, and appeared as a shipwreck expert on the History and Discovery Channels. With over three million views of his YouTube videos, countless views on museum videos in four states, cover stories in magazines like Michigan History, and hundreds of downloads of his unique interview-based podcasts, we will witness his firsthand story of the Edmund Fitzgerald. Ric is one of only a few who have actually visited the ship in the cold icy depths of Lake Superior.

Friday, October 27
